ABOUT THIS WINERY

Our vineyards are located in the Valle de Curico, a fertile valley between the Andes mountains and the Pacific coastal mountains, with very diverse soil. The mountain and ocean breezes control temperature and regulate the sun during the long, hot summers, helping the vines to mature slowly and and evolve flavours.

TASTING NOTES

"The appearance of this natural wine is pale yellow and is slightly cloudy, due its lack of processing. On the nose, strong aromas of banana, apple and pear blend with toasted brioche. In the mouth, it is full-bodies and rich, with a creamy refreshing and fruity acidity."
