## **ABOUT THIS WINERY**

The Domaine Arnaud Lambert wines are the result of the transition of the Saint Cyr and the Domaine Saint-Just label, which was founded by Arnaud's father Yves. The father/son team began working together in 2005, and in 2009, they also became managers of the viticultural estate of the Château de Brézé. The same year, they began converting all of their vineyards to organic, and were officially certified in 2012.
