ABOUT THIS WINERY

Our tendency towards innovation and modernity has never distanced us from any historic and traditional interpretation of wine. Our patient and meticulous researches have always been directed to the past as much as to the future; on the one hand profoundly linked to the oldest Sicilian traditions of wine making with its heritage of indigenous varieties, and on the other an interest in those international grape vines which are best adapted.

TASTING NOTES

A clear yellow colour with green hints which anticipate its freshness.
