ABOUT THIS WINERY

Our vineyards are located in the Valle de Curico, a fertile valley between the Andes mountains and the Pacific coastal mountains, with very diverse soil. The mountain and ocean breezes control temperature and regulate the sun during the long, hot summers, helping the vines to mature slowly and and evolve flavours.

TASTING NOTES

With an intense and vibrant cherry colour, this natural wine appears slightly cloudy due to it's lack of processing. On the nose, it has lively aromas of black cherry and fresh plum. The palate is fresh and persistent, silky with soft tannins and has a lush floral flavour that combines with raspberry fruit."
