### ABOUT THIS WINERY

Our vineyards are located in the Valle de Curico, a fertile valley between the Andes mountains and the Pacific coastal mountains, with very diverse soil. The mountain and ocean breezes control temperature and regulate the sun during the long, hot summers, helping the vines to mature slowly and and evolve flavours.

### TASTING NOTES

"Intense and deep purple colour with pure notes of ripe, wild, red and black berries, this low intervention natural wine has soft tannins and medium body. The palate is fresh and juicy, with flavors of licorice and dark chocolate. We recommend drinking this wine slightly chilled."
